GRAPHIC DESIGNER / WEBMASTER

ABOUT ME

My Name Is Hasan Mohammad, I have worked in the field of graphic design and webmastering for more than 18 years, and have implemented successful projects for Sharjah Police and for other different clients.

I received many medals and certificates of honor from Sharjah Police and UAE Ministry of Interior.

I develop my skills through self-training and keeping up with the latest updates.

The smallest details in any work are what guarantee its success and admiration from the client. This is my principle in work. Do not leave the small details, no matter how invisible.

I am Jordanian, born in Syria, married, and have two kids.

I love nature, adventures, traveling, walking, discovering and cooking.
